2025 RECAP

COUPLING RELATED INCIDENTS

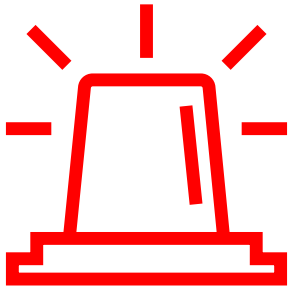
37

DROPPED TRAILER INCIDENTS

10

Reminder DON'T RUSH! Take your time with the process to ensure everything is done correctly.

TRAILER REFUELLING



Reminder - trailers **MUST** be refuelled at the end of your shift.

Failing to do so could result in costly consequences such as fridge breakdowns, stock loss or delays.

KEEPING IT CLEAN

🚚 Why Cleanliness Matters:

- Shows professionalism
- Ensures health and safety compliance
- Protects equipment and extends its lifespan
- Keeps freight safe and uncontaminated

🧹 How to keep it clean

- Inspect before and after every trip
- Regular washing of the interior and exterior
- Remove any rubbish

⏳ How are we improving?

- Random daily inspection of equipment

REFER A MATE!

We're actively hiring for all depots – please let us know if you know anyone that could be great for the role!
